Dear *Friends*

Thank you very much for your extremely generous donation from the proceeds of your Dorset Cream Tea event at Seatown, which has been very gratefully received. This is an incredible donation, you and the committee must have worked really hard to obtain this amount. Please pass on my gratitude to all of your members.

At Weldmar, for our patients coping with life-limiting illness, cherishing every moment is paramount. Your donation will help fund the vital services we provide to make sure that they, together with those close to them, can do just that. Living life to the full and making the most of every day is something the wise tell us we should all do.

Without us, people facing the unthinkable would not have the care, comfort and support they so desperately need. Your generosity makes it possible for us to deliver the highest levels of care when and where we are needed most - in our patients' homes, in their local hospital, in our hospice and even over the phone.

All of our care, throughout Dorset, is provided completely free of charge. With the NHS paying less than a third of our running costs the care of two out of every three of our patients is paid for by donations from people like you.

Again, thank you on behalf of all our patients, staff and volunteers at Weldmar for your kindness.

Yours sincerely

Grant Usmar
Director of Fundraising
